Philippi

Band 2: Katalog der Inschriften von Philippi

»His collection is essential for anyone doing research on the religious, social, economic, or church history of that ancient city, which was so important to Pauline mission, for since the 1930s inscriptions from Philippi have been published more or less individually in more or less obscure publication. Now all are accessible in one collection, a must-buy for academic libraries with holdings in Roman and early Christian works.«

Leonard L. Thompson in *The Catholic Biblical Quarterly* 64 (2002), p. 590
