

## Predigen im Angesicht der Moderne

Emanuel Hirschs »Predigerfibel« im Lichte klassischer und neuerer homiletischer Fragestellungen Edited by Andreas Kubik

How is protestant preaching to be understood today? What is to be preached? Renowned experts in the field discuss Emanuel Hirsch's homiletics, shedding light on the theoretical references of the past and contrasting them with more recent debates. Hirsch's homiletics are strong when it comes to general principles and the question of what to preach. Their exhaustive criticism of the Enlightenment still provides much learning material, and also proves compatible with the aesthetic turn.
