

Anna-Bettina Kaiser

Ausnahmeverfassungsrecht

The state of exception is one of the most ambitious as well as problematic concepts in modern constitutional law. At its heart lies a paradoxical aim: enabling the state to act effectively in existential crises while still limiting its powers. This makes it prone to abuse. The »Emergency Constitution« (»Ausnahmeverfassungsrecht«) of the German Basic Law tries to solve the paradox in a distinctive way that is defined by the peculiarities of German and French constitutional and political thought. Does it succeed? Anna-Bettina Kaiser analyses the strengths and weaknesses of the German Emergency Constitution. She reveals that the crucial test for any state of exception is how it affects fundamental rights.

Anna-Bettina Kaiser Geboren 1976; Studium der Rechtswissenschaften an der Universität Freiburg i. Br., 2001 Master of Law an der Universität Cambridge; 2004-10 wissenschaftliche Assistentin an der Universität Freiburg i. Br.; 2007 Promotion; 2010-14 Juniorprofessorin, seit 2014 Professorin für Öffentliches Recht und Grundlagen des Rechts an der Humboldt-Universität zu Berlin; 2017 Habilitation.
