

Altern als Lebensform

Orientierungen für die Diakonie Edited by Christian Albrecht

Aging as a way of life means constantly having to give answers to the simultaneity of increasing freedom and increasing dependency in one's own life choices. From the perspective of sociology, philosophy, geriatric psychology and theology, this volume examines guidance for Protestant social welfare organizations who give support to those who are aging.

Christian Albrecht Geboren 1961; Professor für Praktische Theologie an der Evangelisch-Theologischen Fakultät der Ludwig-Maximilians-Universität München.
