Der nervöse Staat

Ausnahmезustand und Resilienz des Rechts in der Sicherheitsgesellschaft

The risks and threats to security currently looming over society have led to the constitutional institute of state of exception becoming a permanent one, where a jumpy legislator committed to the precautionary principle seeks to hinder exceptional circumstances. Tristan Barczak's multi-faceted and critical portrayal of the situation reveals that only a reliable rule of law fortified with constitutional resilience can calm things down.

Tristan Barczak Geboren 1985; Inhaber des Lehrstuhls für Öffentliches Recht, Sicherheitsrecht und das Recht der neuen Technologien an der Universität Passau.
