

Stärkung des Stiftungswesens

Verhandlungen der Fachgruppe für vergleichendes Handels- und Wirtschaftsrecht anlässlich der 35. Tagung für Rechtsvergleichung vom 10. bis 12. September 2015 in Bayreuth Edited by Peter Jung

The role philanthropy plays in mobilising private capital for charitable purposes is becoming increasingly important. The contributions in this edited volume deal with foundations in Germany, France, Switzerland, China, the United States, and the European Union. Special attention is paid to new measures aimed at promoting individual home countries as well as the EU as attractive bases for such organisations. The comparative picture that emerges reveals past developments and future potential in the trust law of these important jurisdictions.
