

Philipp Lenhard

## Wahlverwandtschaften

Kulturgeschichte der Freundschaft im deutschen Judentum, 1888-1938

For the generation of German Jews born around 1900, the promise of friendship gave meaning and significance to their everyday lives. Tradition was often no longer able to answer the question of how to live »properly.« Instead, friendship represented a way of life based on loyalty and fidelity, truth and equality.

**Philipp Lenhard** Geboren 1980; 2003-10 Studium der Judaistik, Philosophie und Anglo-Amerikanischen Geschichte; 2014 Promotion; 2022 Habilitation und Venia legendi; DAAD Associate Professor of History and German an der University of California, Berkeley.
