Das Böse

Essay über die Denkform des Unbegreiflichen

2nd, reviewed edition; 2010. XVIII, 215 pages

ISBN 978-3-16-150489-1
sewn paper €24.00

Evil is a complex category with a complicated history. It contrasts not only with good but also with God, and these contrasts have continued to interact in different ways in the course of history even where they were disregarded. Theories of evil have not always paid enough attention to this. Ingolf U. Dalferth proposes an analysis of evil that takes these historical changes into account and draws attention both to their gains and their losses. He combines a hermeneutical and analytical approach to problems of evil and seeks to outline a way of dealing with evil that does not pretend to make sense of the senseless but rather shows how to relate meaningfully to what is meaningless.

Ingolf U. Dalferth Born 1948; 1977 Promotion; 1982 Habilitation; Professor Emeritus of Systematic Theology, Symbolism and Philosophy of Religion at the University of Zurich; Danforth Professor Emeritus of Philosophy of Religion at Claremont Graduate University in California; Fellow at the Stellenbosch Institute for Advanced Study in South Africa.
