

Joachim Lege

»Politeía«

Ein Abenteuer mit Platon

Joachim Lege presents a renarration of Plato's »Politeía« - giving those who are interested the chance to follow Socrates and his friends on their way to finding the concept of Justice (*dikaíosynē*). In the second edition, some inaccuracies have been corrected. For example, that in democracy those who still follow the rules are likely to be denigrated as »voluntary slaves« (*ethelodoúloi*).

Joachim Lege ist Professor emeritus für Öffentliches Recht, Verfassungsgeschichte, Rechts- und Staatsphilosophie an der Universität Greifswald.

2nd reviewed and corrected edition;
2023. XIX, 259 pages
